

MP3 Baidu have been blocked!

Category : General

Published by [Liono](#) on 2007/12/11

If you recently search Mp3.Baidu.com and yield no results and show only video results, then your access to Mp3 Baidu may have been blocked.

It is reported that some country like USA, Germany and Malaysia unable to search any mp3 from Baidu anymore. The block seem to be targeted on country basis.

At the time of writing, there is no official statement from mp3.baidu.com yet.

Some of the user tested.

Connecting from Shanghai through a US proxy, a baidu search for Michael Jackson yielded no results. Connecting directly to Shanghai Nectcom without the use of a proxy, the Michael Jackson baidu search yielded 13,322 results....

For the record, check this 2005 news here about Mp3 baidu. [Mp3 Baidu may shutdown.](#)

If your country have the same problem here, feel free to discuss it or comment it here.
